

LONG-WAVE QUINTET

3 contrabassi, bass tuba and contrabassoon, with gran cassa

Andante molto sostenuto (d 50-56)

The musical score consists of five staves, each representing a different instrument. The instruments are identified by numbers above the staves: 1 for the top staff (likely contrabassoon), 2 for the second staff (likely bass tuba), 3 for the third staff (likely one of the three double basses), 4 for the fourth staff (likely another double bass), and 5 for the bottom staff (likely the third double bass). The score is in common time (indicated by '1'). Measures are numbered on the left side of each staff. Measure 1 starts with a dynamic 'p'. Measures 2 through 67 show various rhythmic patterns, including eighth-note and sixteenth-note figures, often grouped by brackets. The score ends with a final measure indicated by '(2)'.

This block contains handwritten musical notation for two staves. Measure 74 starts with a eighth-note pattern followed by a sixteenth-note pattern. Measures 75-82 continue this pattern. Measure 82 begins a new section with a sixteenth-note pattern. Measures 83-90 continue this pattern. Measure 97 starts with a eighth-note pattern followed by a sixteenth-note pattern. Measures 98-104 continue this pattern. Measure 105 begins a new section with a sixteenth-note pattern. Measures 106-111 continue this pattern. Measure 112 begins a new section with a eighth-note pattern followed by a sixteenth-note pattern. Measures 113-119 continue this pattern. Measure 120 begins a new section with a eighth-note pattern followed by a sixteenth-note pattern. Measures 121-126 continue this pattern. Measure 127 begins a new section with a eighth-note pattern followed by a sixteenth-note pattern. Measures 128-133 continue this pattern. Measure 134 ends with a fermata.

Sample realization of the five voices, bars 62-65:

LONG-WAVE QUINTET

3 contrabassos, bass tuba, contrabassoon, with very deep gran cassa
Wavelengths of notated pitches: ca. 15-30 feet.

PERFORMANCE NOTES

Instruments 1 and 5 are contrabassos; 2, 3, 4 are the others in any desirable order.

The 5 voices are in canonic succession until bar 140. Following voices will enter when the leading voice (1) reaches their respective numbers in the part (at bars 11, 17, 21 and 27). On reaching the sign ϕ with its number, the following voice goes to ϕ (bar 140, top of page 3), and all voices continue in unison to the end.

The low D will be an open string on the contrabassos; for the bass tuba,  for example, will be read as .

The $\frac{3}{2}$ meter is a notational convenience. There are no metrical stresses; longer notes have greater weight than shorter (e.g., the identical rhythms of bars 1-2 and 18-20 sound identical). The sense of time is immobilized until freed in the final section (from bar 140). (A conductor may be used if absolutely necessary.)

Dynamic level: not loud, but with a full, overtone-rich sound.

No vibrato. At this very low pitch level, the tuning of vertical intervals is especially critical: pure fourths and fifths (D-G, D-A) will be relatively easy, but the major 6th D-B is more difficult and will likely require experiment and adjustment; the true interval is rather narrower than the equal-temperament value. Focusing on the common overtone (ϕ in the part) is helpful.

Bar numbers: on pages 1-2, when the leading instrument (1) is at a given bar, following instrument 2 will be at that bar number minus 10, 3 at that bar minus 16, 4 at that bar minus 20, and 5 at that bar minus 26. Duration: 9-10 minutes.
